CarKam 8MP with Rear & Cabin Camera

CarKam

Stay Always Protected
Wherever the Road Leads

Introducing the CP PLUS CarKam, a cutting-edge range of advanced dashcams designed to redefine on-road safety, security, and convenience. Crafted with precision and innovation, CarKam stands at the forefront of automotive technology, offering drivers a comprehensive solution for capturing every moment on the road. Equipped with 8MP resolution, these dashcams ensure crystal-clear footage, delivering exceptional clarity that is essential for identifying license plates, road signs, and other crucial details.

- 8MP Resolution
- G-Sensor
- Built-in GPS
- Support SD Card
- Build-in Touch Screen
- Parking Mode*
- Time Lapse*

CP PLUS

8MP Recording

Experience crystal-clear clarity on the road with our dashcam's 8MP recording, ensuring every detail is captured with stunning precision for enhanced visibility and peace of mind.

Built-in Touch Screen

CP PLUS CarKam allows you to see live footage in real-time, making it easy to monitor the road and surroundings. This intuitive design enables quick access to important functions without the need for physical buttons, enhancing safety and convenience while driving.

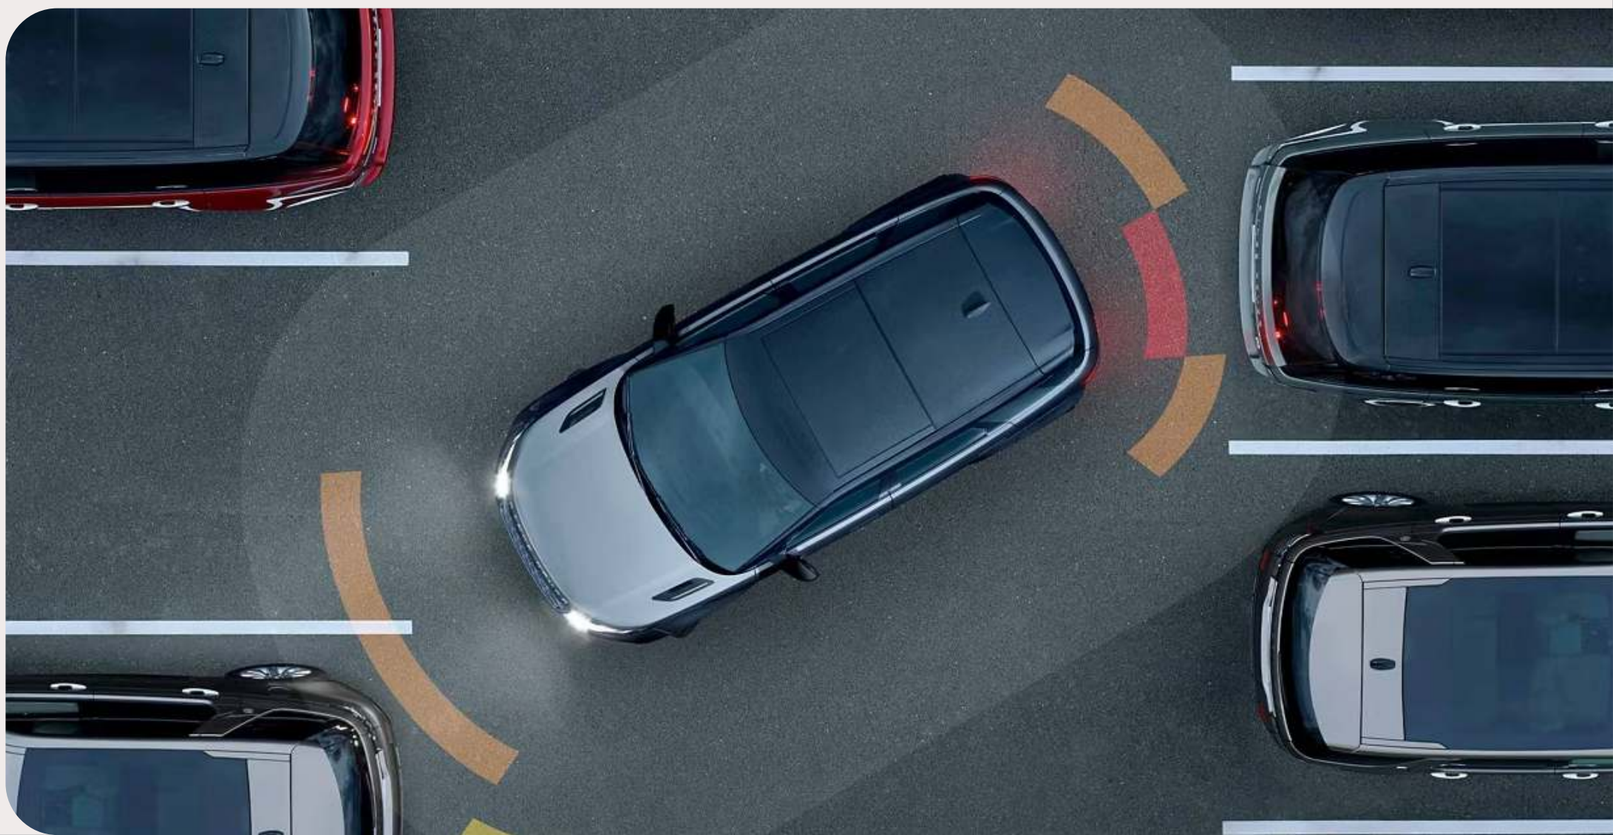

CP PLUS

ADAS Support**

A comprehensive suite of electronic systems designed to assist you in driving and parking better as well as more conveniently. Utilizing sensors and cameras, ADAS enhances safety and ease-of-driving by offering features like Forward Collision Warning, Pedestrian Crossing Warning, Stop & Go, Lane Departure Warning, etc.

Parking Mode*

Enables your Dashcam to keep recording even when the vehicle is off, allowing it to monitor your vehicle for extended periods without draining the car's battery excessively.

Built-in G-Sensor

Triggered by sudden changes in acceleration, deceleration, or impacts. When the CarKam GPS detects a significant impact, it automatically saves the recorded footage in a secure folder, securing it from loop-recording.

Rear & Cabin Camera

This CP PLUS CarKam is an advanced Dashcam with a Built-in Cabin Camera. It is a high-quality vehicle surveillance solution designed to provide comprehensive rear & Cabin monitoring. This CarKam is ideal for enhancing driving safety, documenting incidents, and providing evidence in case of accidents.

Time Lapse Recording*

During playback, the captured frames are played back at a much faster speed than they were recorded. This creates a fast-forwarded video file, allowing you to see a long period condensed into a shorter video.

CP PLUS

CP-F83C (CarKam)

Feature	Description
Front Camera	
Angle of View	H=113° D=135.6° V=60°
Image sensor	1/2.8“ (0.9070 centimeters)
Lens	3.6mm fixed lens
Aperture	F1.75
Compression	H.264/H.265
Resolution	8MP
Rear Camera	
Angle of View	H=102° D=124.4° V=53.4°
Image sensor	1/2.9“ (0.8757 centimeters)
Lens	3.6mm fixed lens
Aperture	F2.0
Compression	H.264/H.265
Resolution	2MP
Cabin Camera	
Angle of View	H=102° D=124.4° V=53.4°
Image sensor	1/2.9“ (0.8757 centimeters)
Lens	3.6mm fixed lens
Aperture	F2.0
Compression	H.264/H.265
Resolution	2MP
Night Vision	Available
Display	
Screen type	IPS (In-Plane Switching)
Screen size	10.16 centimeters
Screen Resolution	400mm x 960mm
Video	
Video Format	MP4

Feature	Description
Video Encoding	H.265/H.264
Video resolution	8MP(3840*2160P @25fps) + 2MP(1920*1080P @25fps) + 2MP1920*1080P @25fps), ADAS ON: 2K(2560*1440P @30fps) + 2MP(1920*1080P @30fps, ADAS ON: 2MP(1920*1080P @30fps) + 2MP(1920*1080P @30fps)
Functions	
Smart Features	GPS, Voice prompt, Time Lapse*, G-Sensor, GPS tracking, Speed Alert, Parking Mode*, Collision detection, WDR
Record Type	Record audio, Regular recording, Parking mode*, Time lapse*
